Beauty that crosses fashion

ELEMENT

The bright white ceiling reduces the oppression of the Chinese red background and makes the space feel wider. The exquisite lines also reflect the aristocratic style.

The shadow of the trees is whirling and the light spot is flickering. The sun at 3 p.m. is just right. Even the air exudes sweetness like love. The increasingly elongated image can't help telling you everything about time. The wind blows and the bell rings, and the wind stops and the quiet night comes.

When the space is shrouded in blue, we seem to enter the underwater world. With the warm sand color, we enjoy the magnificent, interesting and cool emotional atmosphere in the surging sea water.
